CAREER OBJECTIVE

Driven student of computer science with a passion for developing scalable software. Eager to use classroom learning to solve practical problems in a fast-paced engineering setting. In search of a Software Engineering Internship at Google to work on creative projects, acquire practical expertise with distributed systems, and develop skills with tech industry leaders.

EDUCATION

Methodist College of Engineering and Technology   *August 2027 (Expected)*
B.E in Computer Science Engineering

Sarath Junior College   *Graduated May 2023*
Intermediate in MPC
Percentage: 81%

Sri Sai Public School   *Graduated May 2021*
High School
CGPA: 8.8/10.0

PROFESSIONAL AFFILIATIONS AND ACTIVITIES

Institute of Electrical and Electronics Engineers (IEEE)   April 2024 - Present

Vice-Secretary   June 2024 - Present

IEEE Methodist College of Engineering and Technology Student Branch

Street Cause   September 2023 - June 2024

Logistics Head   December 2023 - June 2024

Street Cause Methodist College of Engineering and Technology

INTERESTED AREAS OF RESEARCH AND WORK

- AI applications in IoT
- Web Development

ACHIEVEMENTS

- Coordinated for Dandiya fest and RFC 10.0
- Coordinated for Inauguration Event of Sensors Council Chapter

SKILLS/HOBBIES

Programming Languages	Python, C, HTML, CSS, Javascript, Data Structures and Algorithm
Frameworks	NextJs
Hobbies	Watching movies and Listening music
